MA in Wellness and Spa Service Design and Management is the only Master’s level programme in Europe that is focused on educating experts and managers for some of the world’s largest and most prosperous industries - Wellness and Spa, Tourism, Leisure and Hospitality. This programme combines management, design of spa products, medical, leisure treatments, and well-being, preparing students for numerous career opportunities in resorts, spas, and wellness centres, business enterprises and rehabilitation centres.

The structure includes business internships, field trips and company visits to spas in Estonia. Pärnu College prepares students to become experts in lifestyle and business consultancy able to work for government agencies or continue the research on PhD level.

After graduation, students have the ability to work as innovation or process managers in any company that is focused on implementing ICT solutions in management processes of enterprises.
