Business Administration

Business Administration programme (BBA) is a 3-year full-time programme preparing students for successful entry to international or local labour market and further studies. Significant focus in the programme is put on practical learning. Studies involve analysing real life cases, lectures by company representatives, group works, home assignments that engage several courses at once, company visits, drafting a business plan etc. Students are also expected to complete an internship in companies. After graduation, students can pursue a career in existing companies or start their own company. The graduates of this programme have already been successful in the above-named options, being now employed in different startups, banks, IT companies or taking up master’s studies in top universities worldwide.
